PAUL ROSENBAUM

Sterling Heights, MI 48313 | (586) 872-4444 | paul.w.rosenbaum@gmail.com
GitHub Profile | Live Portfolio

FRONT-END DEVELOPER | REACT & JAVASCRIPT

Front-end developer specializing in React.js, JavaScript (ES6+), and modern web standards. Proven track record of architecting custom technical solutions to eliminate operational inefficiencies. Combines 20+ years of professional reliability and accountability with hands-on application engineering, real-time data persistence, and clean deployment workflows.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React.js, TypeScript, HTML5, Native CSS3 / CSS Modules

Backend & Tools: Firebase (Real-time NoSQL), Supabase, Vite, Vercel, Git, GitHub, Linux

Engineering Concepts: Component Architecture, State Management, REST APIs, Responsive UI/UX, CI/CD Pipelines

FEATURED TECHNICAL PROJECTS

Yard Walk 2.0 | *Lead Developer (React, Firebase, Vite, Vercel)*

- **Problem & Impact:** Engineered a full-stack tracking application to eliminate legacy manual tracking systems, streamlining real-time operations across 85+ dynamic yard assets.
- **Data Persistence:** Integrated Firebase NoSQL for instant multi-user data synchronization across active shifts.
- **UI/State Management:** Built custom React hooks to manage complex component states and designed high-contrast, mobile-optimized interfaces for field use.
- **Deployment & Security:** Managed full deployment pipeline on Vercel with environment variable configuration (.env) for secure credential handling.

PROFESSIONAL EXPERIENCE

Software Deployment & Operations Specialist | *RSS Trailer – Romulus, MI* Oct 2023 – Present

- Architected and deployed a custom React-based inventory tracking application (Yard Walk 2.0) that replaced legacy manual clipboard tracking.
- Implemented rapid iterative software updates based directly on field user feedback to improve daily yard throughput and operational visibility.
- Executed multi-branch Git workflows, managing clean commit history and pull requests.

Operational Logistics Specialist | *WES Pro Fleet Services – Fraser, MI* Mar 2015 – Sept 2023

- Maintained 100% on-time performance and strict safety standards in high-volume, 14-hour shift environments.
- Developed high-level accountability and clear cross-team communication in fast-paced operational conditions.

PRIOR LEADERSHIP & OPERATIONAL EXPERIENCE

- **Lead Operations Trainer** | Central Transport (2005 – 2010): Managed personnel onboarding, safety protocols, and technical procedures.
- **Assistant Manager** | Valvoline (2002 – 2004): Managed team training, inventory tracking, and daily store operations.

EDUCATION & CREDENTIALS

Front-End Engineering & Web Development: Project School (In Progress) – Focus on React.js & Modern JS

Licenses: CDL Class A (N & T Endorsements)
