

PAUL ROSENBAUM

Sterling Heights, MI 48313 | (586) 872-4444 | paul.w.rosenbaum@gmail.com

Front-End Developer | JavaScript & React Specialist. Motivated developer with a focus on building performant, scalable, and responsive web applications. Expert at identifying operational inefficiencies and architecting custom technical solutions (Yard Walk 2.0) to streamline complex workflows. Bringing 20+ years of professional reliability, leadership, and a commitment to high-quality engineering.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React.js, TypeScript, HTML5, CSS3
Backend & Tools: Firebase (Real-time NoSQL), Supabase, Vite, Vercel, Git, GitHub, Linux
Competencies: Component-Based Architecture, Responsive UI/UX Design, State Management, CI/CD

TECHNICAL PROJECTS

Yard Walk 2.0 | Full-Stack Developer React, Firebase, Vite

- Architecture:** Engineered a modular component system to manage real-time tracking for 85+ dynamic assets.
- Data Persistence:** Integrated **Firebase** for instant NoSQL data synchronization across distributed users.
- UI Engineering:** Utilized **React Hooks** for advanced state management and high-contrast mobile optimization.
- Deployment:** Managed full production pipeline via **Vercel** for continuous web accessibility.

PROFESSIONAL EXPERIENCE

Software Deployment & Operations Oct 2023 – Present
RSS Trailer – Romulus, MI

- Designed and deployed** a custom React-based inventory tool, replacing legacy manual tracking systems.
- Implement rapid software iterations based on user feedback to improve operational efficiency.

Operational Logistics Specialist Mar 2015 – Sept 2023
WES Pro Fleet Services – Fraser, MI

- Ensured 100% on-time performance and impeccable safety record in high-volume, 14-hour shift environments.

Logistics Operations Jan 2013 – Mar 2015
Alkar Steel / All American Container – MI

Lead Operations Trainer Nov 2005 – Sept 2010
Central Transport – Warren, MI

- Served as lead trainer for new personnel, directing onboarding and safety compliance protocols.

Transport & Logistics Roles Apr 2004 – Aug 2005
Republic Services / Werner Enterprises / Comp. Logistics

Assistant Manager Apr 2002 – Apr 2004
Valvoline – St. Clair Shores, MI

- Oversaw facility operations, inventory management, and technical team training.

EDUCATION

Project School: Front-End Engineering & Web Development (In Progress). Focus on React & Modern JS.

Professional Licenses: CDL Class A (N & T Endorsements).
